Damage History

Briefly describe when you first noticed the damage to your dwelling and how it progressed.

The damage started a month after I moved into the house. Minor cracking began in the walls and a slight projection in the floor was recorded at the living room door.

Damage got progressively worse over the following 12 months and spread to all rooms on the ground floor and the first floor bathroom. The level and extent of damage in the ground floor rooms are very similar.

Cracking and damage continues to occur, but at a slower pace compared to the first 3 years in my new dwelling

Tick the relevant boxes to select the statements below that best describe the action you have taken to date.

Builder / Developer response

I made attempts to contact/engage with the builder/developer

Warranty company response

I contacted the warranty company and reported the issue

Insurance Actions

I contacted my insurance company and reported the issues.

Builder / Developer response

I made attempts to contact/engage with the builder/developer

Builder / Developer: Local Builder Solutions

Describe attempts to contact/engage with builder/developer:

I tried to contact the builder throughout the first two years after purchasing the dwelling. This involved sending several letters and regular calls.

At no time did the builder engage with me or any of the residents on the estate.

Outline action taken by builder/developer to secure remediation through compensation from insurance claim or legal proceedings:

In the spring of 2008 the residents committee become aware that the builder went bankrupt.

No action was ever taken by the builder to secure remediation. A year later, the builder left the country without ever having resolved any of the outstanding issues or concerns of the home owners on the estate that he developed.

Warranty company response

I contacted the warranty company and reported the issue

Warranty Provider: Safe House Protection

Warranty Ref.: 1209031249qqd

Details of engagement with warranty company:

I engaged with the warranty company and had numerous telephone conversations with their area representative and later the general manager.

They also undertook two visits/inspections of my dwelling.

Details of response / outcome:

At the end of this process they informed me that my policy was for very basic cover and the damage experienced is not included in the policy. If the builder had chosen a premium policy offered by the warranty company, the damage would be covered.

Submit

- I declare that the completed application satisfies the conditions of eligibility as set out in the Pyrite Resolution Scheme and the information provided is true, correct and is in no way misleading.
- I confirm that I have no other practicable options, other than under the Scheme or the use of my personal resources, to enable me to remediate or secure the remediation of the dwelling.
- I hereby consent to permit the Pyrite Resolution Board or any authorised person to contact any professionals, builders/developers, warranty companies or any other parties referred to in the application or in any subsequent information submitted.
- I consent to have the dwelling accessed by authorised persons involved in the Scheme, for inspection, survey and to allow for the taking of hardcore samples for testing.
- I will engage and co-operate with the Pyrite Remediation Board and any authorised persons involved in the Scheme at all stages during the process.
- I confirm that where a payment is made to or for my benefit in respect of damage to the dwelling included in the scheme, arising out of or in connection with pyritic heave, details of the payment and the amount thereof will be submitted to the Pyrite Resolution Board within 28 days of the making of that payment and that I will refund the PRB from any such payments the cost of the remediation or the amount of the payment received if that is the lessor amount.
- I will vacate or have the dwelling vacated during the dates that the remediation works are scheduled to take place.
- I hereby give consent to the institution by the PRB of civil proceedings relating to loss arising from the act or default of any person that causes significant pyritic damage to the dwelling and I will engage and co-operate with the PRB where such proceedings are taken.
- I confirm that I have read and agree to abide by the terms and conditions of the Pyrite Remediation Scheme and submission of this application is deemed to be acceptance of the provisions of the Scheme.

IMPORTANT NOTICE

It is an offence to furnish a false document or information to the PRB or an Appeals Officer, for the purpose of inclusion of a dwelling in the Scheme or fail to notify the PRB if a payment is received in respect of the damage caused by pyritic heave. A person guilty of such an offence may be liable to a fine, costs and expenses.
